Whirlpool Systems

The ultimate in relaxation, our whirlpool systems are ideal for relieving muscle ache, reducing fatigue and facilitating total stress relief.

They are supplied with a minimum of 6 adjustable jets with the option to upgrade to 11 jets to provide maximum benefit to your whole body as well as a regulator to control the flow.

In addition, the ultra reliable and quiet self draining pump with its state of the art pipe system gives effective system drainage and ensures the highest levels of hygiene.

Air Spa Systems

Our air spa systems are designed to gently invigorate and massage the entire body.

The precise 12 jet layout design provides a myriad of air bubbles bursting onto the skin stimulating blood flow and exercising muscles bringing refreshment to the whole body.

The powerful air blower with integral safety feature provides the highest levels of performance and hygiene.

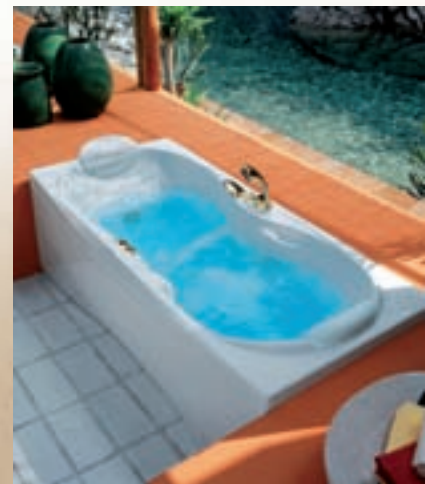

Hydrotherapy Systems

The complete water therapy experience!

Our luxury hydrotherapy systems are just that with a professional system that combines the variable power and relaxation of a whirlpool with the stimulation and invigoration of an air spa into one superb hydrotherapy system to suit every mood.

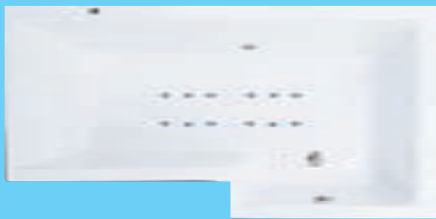

Optional Extras

For that extra touch of luxury why not complete your chosen system with either a halogen or colour kinetic light – examples of these can be seen on our website.
