

Mono Basin Mixer Tap Instruction

IMPORTANT Please read these instructions carefully and keep in a safe place for future reference. If you are unsure of any part of the instructions in this document then we recommend that you contact a reputable qualified trades person.

INTRODUCTION

The Model supplied may vary from the image shown below. Please note that the general installation process for all Mono Basin Mixer fittings are the same and the following guide will take you through the process.

INSTALLATION

1. Turn off the mains water supply.
2. Before installation identify all components and inspect the product for any damage.
3. Basin tap sits on cushion [A].
4. Insert threaded bar into the base of the mixer body. Carefully install the flexible tails (style may vary) into the fitting. Be careful not to overtighten the tails.
5. Place fitting through the hole in the basin.
6. Insert rubber washer to the underside of the basin.
7. Insert metal clamp to the underside of basin.
8. Secure the fixing nut onto the threaded bar.
9. Install waste into basin using the tapered washer or suitable sealant.
10. Apply sealing washer to underside of basin.
11. Tighten lower part of waste body until seal is made.
12. Earth any new pipes adequately. Contact a reputable qualified plumber if in doubt.
13. Connect water supply pipes to inlet pipes, ensuring isolating valves (not supplied) are in position.
14. Ensure tap valves are in open position.
15. Open isolating valves.
16. Turn on hot and cold water supply, allow to run for a few minutes to flush out the piping system.
17. Check connections for watertightness

Guarantee

For full details of our guarantee please refer to our website. Our products are backed by a 10 year guarantee, this is only valid to customers who complete and submit the online Niagara® Guarantee Registration Form within 30 days of installation. Please note that products with finishes other than Chrome are guaranteed for 2 years only, these products must also be registered online to activate the 2 Year Guarantee. To register and activate your guarantee please visit www.niagarabathrooms.co.uk

Aftercare

Care **MUST** be taken when cleaning our products to avoid damaging the fitting or finish. To maintain the appearance of the fitting, please ensure it is cleaned regularly using only a clean soft damp cloth. Whilst all of our products are durable the finishes are vulnerable to some strong substances, we only recommend the use of warm soapy water, **DO NOT** use abrasive sponges, strong household cleaners, scouring agents, organic solvents or acidic cleaners as they may cause surface deterioration, peeling or change of colour.
