Technical Drawing

Tools Required

					
Pencil / Marker	Tape measure	Safety glasses	Gloves	Drill	Screwdrivers

Installation Instructions

Step 1 Position

- Decide location for installing.
- Mark three holes. The distance between every two holes is 400mm.

Step 2 Drill holes

- Use a drill to drill holes on the wall according to the markings, with each hole having a diameter of 8mm and a depth of 45mm.

Step 3 Install the rack

- Insert three plastic expansion screws into the wall holes.
- Use a screwdriver to lock the screws, metallic gasket and rack onto the wall

Step 4 Install the cube shelf

- Install the cube shelf into the rack.

Maintenance guide

· We recommend the use of a wet cloth and soft soap to maintain surfaces. The use of brushes, abrasive products, or any other materials such as steel-wool pads or products in aerosol metal containers can damage niche surfaces.

Important: Remove soap and cosmetic residue as well as excess water between uses. prolonged exposure to certain products may leave marks on the surface.

For stainless steel finish

- The use of microfiber cloths is recommended.
- Use cleaners for stainless steel only.
- To prevent corrosion, avoid any contact with steel accessories

For powder coated finish

- Use conventional non-abrasive cleaners.
- Avoid contact with nail remover, depilatory cream and paint solvents.
